

Paper Submission Guidelines

Abstract Submission Guidelines

- The abstract submitted should **not exceed 350 words**. The following details should be included:
 - o Author / Presenter Name (s)
 - o Presentation Title (70 characters or less)
 - o Topic Category i.e. Theme
 - o Company Name
 - o Complete Address, Email and Phone
 - o Brief Presenter Biography (100 words or less)
- The abstract should **summarize and indicate the key research / points** that will be further presented. Be sure to **answer these questions**:
 - o What problem did you solve with GIS? What advantage did GIS give you?
 - o What types of geospatial analysis did you use? Explain how and why?
 - o What are your findings or results?
 - o How can this project be useful for the audience?
- The submitted abstract should be an **original work on Esri technology, one which has not been published before**.
- Abstract should be based on any one of the **topics mentioned in the list of themes**. If authors would like to submit papers on a **new theme not included in the list of existing theme, they can write to us** at papers@esri.in
- **Do not include information in your abstract that will not be included in your full paper.**

Upon evaluation of abstracts, **selected authors will be invited to send in their full papers** (in English, not exceeding 5 A4 sized page including tables, figures and maps).

Content and Evaluation Guidelines

- **All submitted papers shall be evaluated for quality, originality and relevance** by the technical paper committee. The acceptance of the papers will be based on the review results.
- **All papers must be non-commercial**. At no time is it permissible for presenters to use their time slot to advertise or promote a product, service, or company.
- All papers must adhere to the templates provided.
- The **information you enter is used for publishing purposes**. The papers presented would be hosted online on Esri India's User Conference website.

- **Business partners must have a client as the primary presenter.** The presentation must focus on your client's success and how Esri software provided a solution.
- **The registration of the author(s) of the selected paper is complimentary.**
